ABOUT US!

IIITDM Kancheepuram

Indian Institute of Information Technology, Design and Manufacturing, Kancheepuram (IIITDM) is an Institute of National Importance under the Ministry of Education and was set up in the year 2007 with a vision to produce a new breed of engineers to support the competitiveness and growth of the Indian manufacturing sector with knowledge-intensive and creative products and processes. In other words, a model of engineering that synthesizes the best practices of IITs (Technology), IIITs (IT), and NIDs (Design).

WHAT IS SAVāRA!?

Savāra 26, the second edition of IIITDM Kancheepuram's Techno-Cultural Fest, scheduled from March 27 to 31, 2026, is set to unite students from all disciplines to innovate, perform, and celebrate their talents.

This year, the fest has taken on the theme of the **CHRONOSYNC** bridging the past and future creativity to foster innovation and cultural expression. Savara 26 seeks to kindle a passion for technology and creativity, inviting individuals of the student community to join the journey towards innovative horizons.

FLAGSHIP EVENTS

TECHNICAL FLAGSHIP EVENTS

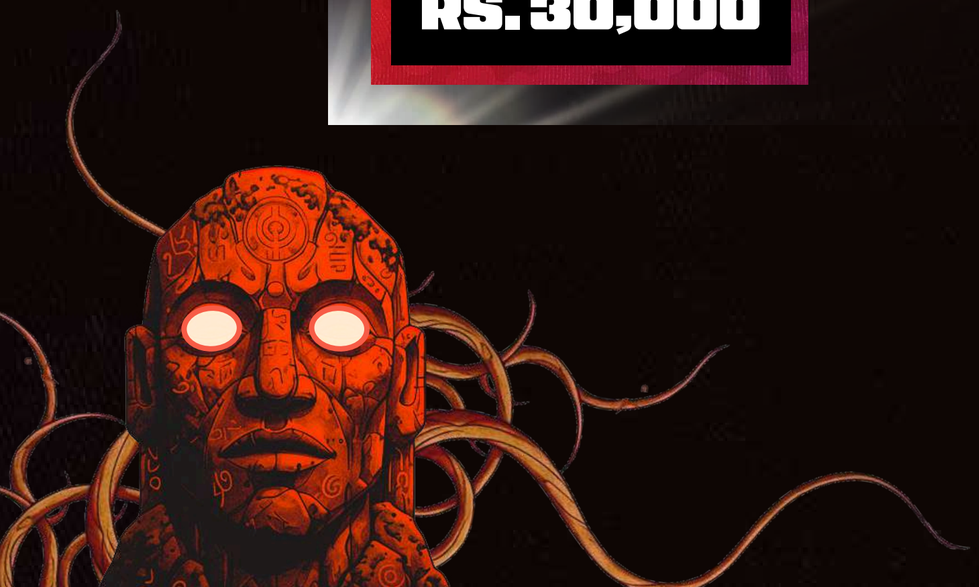
- ROBOWARS
- SKY SYMPHONY
- DRONE RACING COMPETITION
- WAVEQUEST
- REVERSE ENGINEERING CHALLENGE
- GAME JAM
- VASHISHT HACKATHON 3.0
- CAPTURE THE FLAG
- PITCH ON PITCH
- LUMINARY TALKS
- IEEE PAPER PRESENTATION
- TRIATHLON
- MAZEROVER

ROBOWARS

- Robotics Club -

Teams of 3-5 design and battle remote controlled combat robots in a tournament. Robots fight until immobilized, flipped, or time runs out. Tasks include chassis design, motor control, and tactics, with knockout rounds scored on damage, survival, and precision. Arena may include hazards like flames or pits.

RS. 30,000



SKY SYMPHONY

- Team TAD -

A national-level aeromodelling competition where student teams design, build, and fly RC fixed-wing aircraft to perform tasks such as payload delivery and precision flying, showcasing their skills in aerodynamics, aircraft design, and flight performance.

RS. 30,000

Lightcast
powered

VASHISHT HACKATHON 3.0

- Developers Club -

36-hour open hackathon across AI/ML, web/mobile, blockchain tracks. Teams (2-4) build functional prototypes solving real problems. Live demos to judges; scored on innovation, technical depth, user experience, scalability.
Tracks: EdTech, FinTech, RetailTech, and EcoTech.

RS. 50,000

CAPTURE THE FLAG

- CyberSecurity Community-

A Boot2Root Capture the Flag challenge where participants hack a vulnerable virtual machine to obtain both User and Root flags. The competition focuses on practical penetration testing skills.

RS. 15,000

DRONE RACING COMPETITION

- SAE - Team Astra -

The Drone Racing Competition challenges participants to design and manually pilot an agile quadcopter across a defined race track, aiming to achieve overall fastest completion time while maximizing their total score. The event includes two rounds with mandatory technical inspections. Only shortlisted teams advance, and rules follow.

RS. 30,000

WAVE QUEST

- Team AUV -

Construct wireless RC boats to navigate water course with floating gates, wave generators, obstacle buoys. Fastest completion time wins. Rounds test maneuverability, waterproofing, thrust control. Stability in crosswinds critical.

RS. 25,000

GAME JAM

- GameDev Community -

A 48-hour game development challenge, conducted as a flagship event of the college fest by the Game Development Community. The event is organized in offline mode, encouraging in-person collaboration, creativity, and rapid prototyping among participants.

RS. 25,000

REVERSE ENGINEERING CHALLENGE

- System Coding Club -

The Video Edit Challenge is a competition by the SAE Club and Cinematics Club where participants create a dynamic video edit using provided vehicle photos. Inputs will be given on Day 1, and submissions must be made on Day 3 via a Google Form (open for 5 hours). The top three edits win from a ₹6000 prize pool, and the 1st place edit will be featured on the Revolt Racers social media page.

RS. 24,000

TRIATHLON

- CS Club-

Triathlon is a two-day flagship competition designed to discover versatile coders and innovators through three interconnected stages. It begins with a fast-paced debugging round, followed by a competitive programming contest testing logic and algorithms. The final AI/ML challenge focuses on data analysis, real-world problem solving, teamwork, efficiency, and innovation.

RS. 35,000

MAZEROVER

- MaRS-

The Maze Rover Challenge tests participants' ability to navigate a simulated maze using a rover through teleoperation or autonomous programming. The event blends robotics simulation, ROS-based control, coding, and logical problem-solving

RS. 25,000

LUMINARY TALKS

- Optica Student Chapter-

Luminary Talks is an optics-themed technical presentation competition organized by the Optica Student Chapter, IIITDM Kancheepuram, during Savāra. It offers students a competitive platform to present innovative, application-oriented ideas in optics and photonics, encouraging interdisciplinary participation while emphasizing technical originality, structured delivery, and professional standards.

RS. 10,000

IEEE PAPER PRESENTATION

- IEEE-

The Paper Presentation event under Savāra offers students a professional platform to present technical ideas, research, and innovative projects before an expert panel. It promotes analytical thinking, research skills, and effective communication while bridging theory and practical application through constructive feedback from experienced judges.

RS. 10,000

PITCH ON PITCH

- E-Cell IIITDM-

Pitch on Pitch is a startup competition focused on presentation and defense of ideas. Teams first submit an online pitch deck and video, with top entries shortlisted. Finalists deliver a five-minute live pitch and face judges' questions, evaluated on clarity, feasibility, confidence, and overall delivery and impact.

RS. 35,000

CULTURAL FLAGSHIP EVENTS

BATTLE OF BANDS

GROOVY MOOVY

SPECTRUM

BATTLE OF BANDS

- Music Club -

This is a live band competition where groups perform original compositions or covers across any genre. Bands will be judged on musical technicality, stage presence, arrangement, and overall performance. Whether you're into rock, indie, metal, fusion, or experimental sounds, this stage is for bands that know how to play together and own the crowd. Bring your best set and let the music speak.

RS. 40,000

GROOVY MOOVY

- Footlights -

In Round 1, teams must submit a 1–2 minute group dance video, which will be judged based on choreography, synchronization, and overall presentation. The best teams from this round will be shortlisted.

In Round 2, the selected teams will perform live on stage for 4–7 minutes, showcasing their energy, teamwork, and stage presence in front of the judges and audience.

RS. 30,000

SPECTRUM

- Cinematics -

Unlike the binary nature of Duality, Spectrum is a celebration of cinematic freedom. There are no sides to choose and no predefined moods to follow. This filmmaking event invites creators to explore any theme, message, or aesthetic. Whether it's a surrealist dream, a gritty documentary, or a high-octane experimental piece, Spectrum rewards pure storytelling and technical mastery.

RS. 12,000

BACKEND BREAKDOWN

HACK & SHIELD

RICING & SCRIPTING

RAISE YOUR STANDARDS

ALGOXCHANGE

OPCODE

AERO INNOVATION CHALLENGE

- Team TAD -

A competition where participants present innovative flight concepts inspired by nature, focusing on bio-mimicry in flight systems. Ideas are evaluated through an abstract submission followed by a final presentation round.

RS. 8,000

LINE FOLLOWER ROBOT

- Robotics Club -

The Line Follower Robot Competition, organized by the Robotics Club of IIITDM Kancheepuram, is a classic robotics challenge that tests a robot's ability to autonomously detect and follow a predefined path with speed and precision. Participants must design and program an intelligent robot capable of navigating complex tracks without any human intervention.

RS. 10,000

CADVERSE - 3D MODELLING CHALLENGE

- SAE - Revolt Racers-

Join an exciting CAD Design Challenge where creativity fuses with engineering precision. Participants tackle a real-world issue by crafting precise 3D models, judged on accuracy, innovation, and logic in a pressure-filled environment.

RS. 10,000

AQUARACE: AUV SIMULATOR CHALLENGE

- AUV Society-

Program an AUV for swift, stable, and fully autonomous navigation from start to finish. Master PID control, path planning, and sensor-based decision-making. The fastest completion time wins!

RS. 10,000

BIT-TRIX

- System Coding Club -

This competitive hands-on event challenges participants to design a custom 8-bit instruction system using Verilog for hardware and Assembly for software. Performance is measured through an external hardware counter evaluating execution speed on a predefined workload. Participants explore pipelining, instruction scheduling, parallelism, and efficiency within strict architectural constraints.

RS. 10,000

LENS&LOGIC

- Developers Club-

Lens & Logic is a collaborative hackathon that blends the art of photography with the logic of programming. Participants are challenged to capture a raw photograph and process it using only code, no Photoshop, no Lightroom, and absolutely no Generative AI. The goal is to create a visually stunning piece of algorithmic art.

RS. 5,000

BACKEND BREAKDOWN

- Developers Club -

Backend Breakdown is a hands-on technical hackathon focused on debugging and restoring backend systems under strict time constraints. The event is designed to test practical backend engineering skills in a real-world simulation environment.

RS. 7,000

HACK&SHIELD

- CyberSecurity Community-

Hack & Shield is a live attack-and-defend cybersecurity competition. Teams receive intentionally vulnerable web services and earn points by securing their own services while exploiting others. Scores depend on both successful attacks and service uptime.

RS. 10,000

RICING&SCRIPTING COMPETITION

- CyberSecurity Community-

A two-round individual competition designed to test both aesthetic design skills and practical Linux problem-solving ability. Participants compete in a desktop customization challenge followed by a live scripting challenge.

RS. 5,000

RAISE YOUR STANDARDS

- IEEE -

Technology quiz covering IEEE standards, engineering fundamentals, logic puzzles, current tech trends. 3 rounds: prelims, rapid fire, buzzer finals. Tests standards knowledge crucial for professional engineers.

RS. 8,000

ALGOXCHANGE

- CS Club-

Strategic programming contest: teams buy problem access with points, solve for profit. Two rounds with escalating difficulty/market dynamics. Rewards risk assessment, teamwork, algorithm selection under uncertainty.

RS. 6,000

OPCODE

- CS Club-

OPCODE: Optimal Coding Challenge is a formal assembly-level programming contest that tests participants' ability to solve algorithmic problems with absolute precision and efficiency. Teams are required to implement optimal solutions using either ARM or MIPS assembly, where every instruction, register, and memory access matters.

RS. 5,000

ROBO-SOCCER

- MaRS-

Teams are required to design and build a manually controlled Robot-Soccer bot 1 (or 2). One is a Striker, and the other is a Goalkeeper. The bot must be capable of pushing the ball into the opponent's goal without using any gripping mechanisms. The teams are also required to submit a video of their bots in motion through unstop.

FRAGMENT OF TIME

SAVARA FLAGSHIP QUIZ

- Quriosity Quiz Club -

a thrilling final showdown quiz of the year for the grand championship title. This high stakes quiz covers the breadth and depth of anything and everything in time and space. The best team dynamics will lead the way for its ultimate victory in a finals through exciting rounds battled between the top 6 teams from prelims

RS. 18,000

FREEFIRE

- E-Sports -

Teams will be divided into groups for a round-robin stage where every participant faces each other once. The top two teams from each group will advance to the high-stakes playoffs, ensuring only the most strategic and collaborative players reach the final arena.

RS. 9,000

VIVADHAM-
THE CLASSIC CLASH OF VOICES

-Tamil Saalaram-

Vivaadham is an inter college multilingual debate where individuals discuss an on-spot topic in Tamil and English separate sessions, judged by experts and audience poll.

RS. 15,000

ONE LINE ONE RHYTHM

- Art Club -

Participants create a complete artwork using one continuous line while listening to music.
The line must flow with the rhythm, mood, and emotion of the music—no lifting the pen/brush at any point.

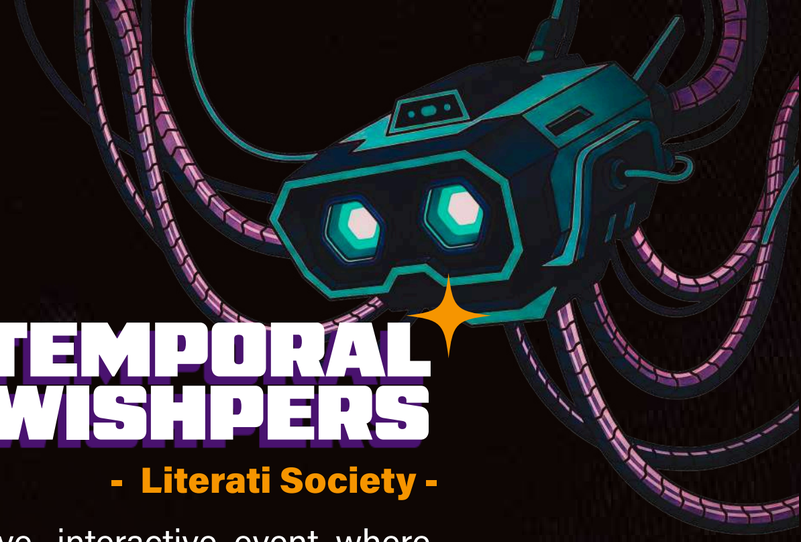
RS. 15,000

THEATRICAL ODYSSEY - THE PRICE OF PLEASURE

- Theatrix Drama Club -

Under the theme “SERPENT: Temptation Always Bites Back,” The Price of Pleasure is a compelling stage play on the dangers of instant gratification. Through symbolic storytelling, it portrays how addictions—to substances, screens, or validation—erode health, peace, and relationships, reminding audiences that every temptation carries lasting consequences.

RS. 15,000



TEMPORAL WISHPERS

- Literati Society -

Step into an immersive, interactive event where you choose a side and live the unfolding story. Every word is crucial, as hidden details and clues can dictate who thrives or falters. Listening becomes essential for survival. Each perspective brings unique challenges requiring strategy and collaboration. Victory isn’t a given; it’s claimed by those who can decipher the nuances and act decisively. Presented by the Literati Society, this is a journey you must navigate, not just hear.

RS. 11,000

BGMI

- E -Sports -

Teams will compete in 4-man squads within a high-stakes 64-player lobby across a diverse four-map series. This immersive battle for survival spans the terrains of Erangel, Sanhok, Miramar, and Vikendi, where strategic coordination is the only path to victory.

RS. 7000

VALORANT

- E-Sports -

The battlefield begins online with a best-of-3 group stage, where the top two squads from each bracket advance to the high-stakes playoffs. In this tactical arena, teams navigate a refined selection process across maps like Heaven, Abyss, and Sunset to gain a strategic edge. The competition culminates in an immersive offline final, where victory belongs to those who master the map picks and adapt to the unfolding story in real time.

RS. 9,000

PRISM

- Cinematics -

Unlike the binary nature of Duality, Spectrum is a celebration of cinematic freedom—a "Blank Canvas" where filmmakers explore any theme, message, or aesthetic. From surrealist dreams to gritty documentaries, this event rewards pure storytelling and technical mastery without predefined limits. This is an invitation to define your own narrative and experience a story unfolding in its most authentic form.

RS. 5,000

Judge book by it's cover

- Literati Society-

Participants create a complete artwork using one continuous line while listening to music.
The line must flow with the rhythm, mood, and emotion of the music—no lifting the pen/brush at any point.

RS. 1,500

SOLO VOCAL AND INSTRUMENTAL

- Music Club -

A solo performance event with two categories: Solo Vocal and Solo Instrumental. Participants can perform in any genre, showcasing their musical talent on stage. Performances will be judged on technique, musicality, rhythm, stage presence, and overall presentation. Prizes will be awarded separately for each category.

RS. 5,000

SPOTLIGHT

- Footlights-

Round 1: Participants must submit a 1–2 minute video performance, which will be evaluated based on expression, creativity, stage presence, and overall presentation. The best performers from this round will be shortlisted.

Round 2: The shortlisted participants will perform live on stage for 3–5 minutes, showcasing their talent, confidence, and performance skills in front of the judges and audience.

RS. 15,000

FRAGMENTS OF TIME

- Imagix Club -

Fragments of Time is a time-travel photography challenge celebrating storytelling across eras. Participants submit vintage- and future-inspired photos linked by a theme. Shortlisted entries advance to an on-campus round, creating a surprise-theme photo story. Open to all styles and devices, the event captures past, present, and future creatively.

RS. 10,000

ELECTROCRAFT

STORYCRAFT

DISCOVER THE THRILL OF RACING ENGINGEERING

CODEHUNT

CODE RELAY

MIND MAZE

SOCIAL MEDIA CHALLENGE - "FUEL THE FEST"

CHRONO QUEST - TREASURE HUNT

PAPER PLANE AERODYNAMICS CHALLENGE

- TAD Club -

The Paper Plane Aerodynamics Challenge is a hands-on and engaging competition designed to introduce participants to the fundamental principles of aerodynamics through simple paper aircraft.

MOTORSPORT TRIVIA & RACE STRATEGY

- SAE -Revolt Racers-

Teams create, construct, and pilot RC fixed-wing planes to accomplish scored flight challenges: precision landings, payload deliveries, and endurance flights. Several rounds occur; scores depend on task execution, flight stability, and aerodynamic creativity. Open to all skill levels.

ELECTROCRAFT

- System Coding Club -

A First-Year Soldering Soiree is a beginner-focused event introducing students to soldering and prototyping fundamentals. Participants assemble components on boards using guided circuit templates and test their outputs. The hands-on session builds basic electronics skills, encourages teamwork, nurtures creativity, and sparks curiosity through practical learning experiences in engineering.

RS. 6,000

STORYCRAFT

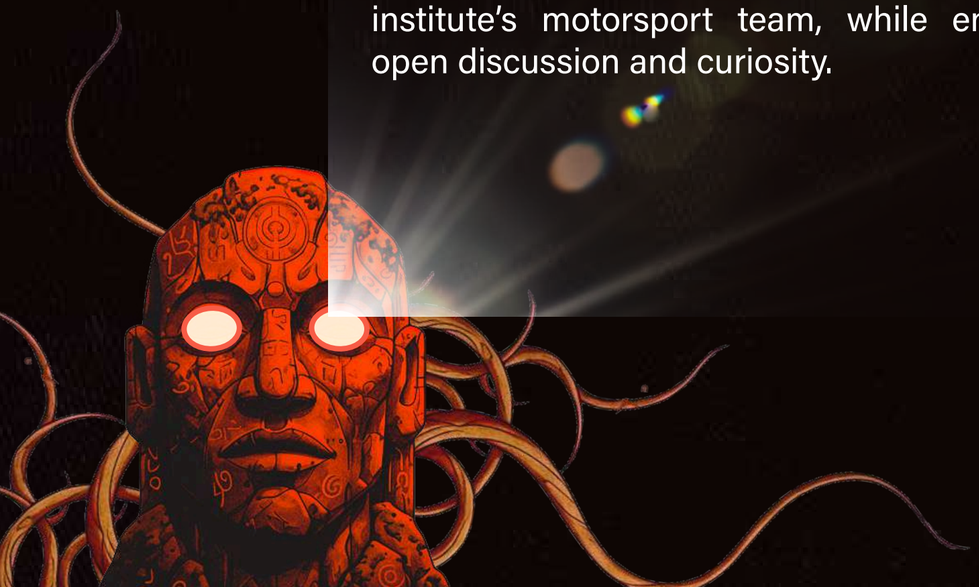
- GameDev Community-

Literati Society X Game Dev Community presents a time-bending experience where past and future converge. Participants traverse a structured graph-based path, collecting story fragments and randomized mechanics from different eras. Each decision shapes a unique narrative. At the end, they present a cohesive story integrating gathered elements and gameplay features.

DISCOVER THE THRILL OF RACING ENGINEERING

-SAE - Revolt Racers-

The Club Showcase and Open Q&A is an interactive exhibition introducing participants to student motorsport engineering and competitive vehicle development. This informal yet insightful session offers a close look at the structure, workflow, and technical depth of Revolt Racers, the institute's motorsport team, while encouraging open discussion and curiosity.



CODE RELAY

-Developers Club-

Step into the ultimate programming showdown! Code Relay is a fast-paced team event that blends problem-solving, collaboration, and adrenaline. Each participant takes on a segment of the challenge before passing the baton to their teammate, like a relay race, but with code.

MIND MAZE

-IEEE -

Enter Mind Maze, a high-energy team event testing speed, logic, and collaboration. Participants tackle rapid-fire questions and engaging games requiring quick thinking and smart coordination under pressure. Featuring three dynamic rounds, the competition blends fun, strategy, and brain-teasing challenges, making it an exciting and unmissable experience for fest enthusiasts.

RS. 5,000

Rev & Render

-SAE - Revolt Racers X Cinematics-

Rev & Render: The Video Edit Challenge, organized by SAE Club with Imagix Club, invites individual participants to transform provided vehicle photographs into dynamic video edits showcasing creativity and storytelling. Inputs release on day one; submissions open five hours on day three. Winning edit features on Revolt Racers' official social media.

RS. 6,000

CODEHUNT

-CS Club-

CodeHunt is an engaging problem-solving adventure where each completed challenge reveals the next step. Participants analyze, debug, and decode programming puzzles to uncover clues and advance. Combining classic logical thinking with modern techniques, the event rewards curiosity, observation, and persistence as every solved task moves players closer to success.

CHRONO QUEST THE TIME TRAVEL TREASURE HUNT

-Optica Student Chapter-

Chrono Quest is a theme-based treasure hunt event designed in alignment with the fest theme CHRONOSYNC, where the past, present, and future converge.

RS. 5,000

CULTURAL
INFORMAL EVENTS

FRAME PAARUNGA JI

FACE PAINTING

TAMBOLA

COLAB EVENT - GAME DEV + LITERATI SOCIETY

DANCE DUMB CHARADES

OPEN FLOOR / DJ DANCE

KONJAM NADINGA BOSS

EXPERIENCE THE THRILL

FRAME PAARUNGA JI

-Tamil Saalaram-

A visual movie-guessing challenge where teams decode film titles from frames taken from multilingual movies. Observe closely, discuss with your team, and identify the movie before others do!

FACE PAINTING

-Art Club-

Unleash your creativity and colors at the Face Painting Event organized by Aurora Art Club!
Participants can join in pairs and paint each other, or come solo—our coordinators will be happy to assist. All face paints will be provided by the organizers, so just bring your imagination and enthusiasm. Get ready to transform faces into art and enjoy a fun-filled creative experience.

TAMBOLA

-Theatrix Drama Club-

Get ready for an exciting and entertaining Tambola event filled with fun, suspense, and cheer. Participants mark their tickets as numbers are called out, hoping to complete winning patterns and shout “Tambola!” From quick wins to full-house thrills, this classic game promises laughter, engagement, and joyful moments for everyone.

EXPERIENCE THE THRILL

-E-Sports-

Get ready for an action-packed PC Gaming Event featuring high-quality monitors and joystick controllers for an immersive experience. Compete in a thrilling arena that tests speed, precision, and strategy. Whether casual or competitive, participants will enjoy intense game play, fair play, nonstop excitement, and the ultimate bragging rights.

DANCE DUMB CHARADES

-Footlights-

A lively and fun-filled game where participants act out dance steps, songs, or styles using only movements and expressions—no words allowed.

OPEN FLOOR X DJ DANCE

-Footlights-

A high-vibe open dance session with nonstop DJ beats, inviting everyone to let loose, dance freely, and enjoy the celebration together.

KONJAM NADINGA BOSS

- THEATRIX & TAMIL SAALARAM-

A fun-filled, interactive event that brings teamwork,creativity, and quick thinking to the forefront! Teams will get a chance to showcase their acting, communication and collaboration skills, all while keeping the excitement alive for everyone watching. Expect laughter, surprises and epic moments that celebrate imagination and teamwork.
